Book Description

[Read by Sean Hardisty] Bad guys, beware. Ladies, behave. There's a new cowboy in town, and he's takin' no prisoners. Brandy Coleman's face is flaming red. As the owner of a barn for retired horses she's had her share of mishaps, but nothing can compare to this deeply embarrassing moment. She is looking up at a stranger who has the dreamiest hazel eyes she's ever seen, and a six pack beneath his open shirt that is making her toes curl. The problem? Her hose burst and squirted water everywhere, leaving her hair a tangled mess and her clothes absolutely drenched. Logan Scott has arrived at Rainbow's End Ranch to apply for a job as a ranch hand. He is led into the barn by an exuberant Golden Retriever and is met by an unexpected and stunning sight. A gorgeous girl, dripping wet, is bent over wrapping a towel around her head, and as she straightens up he can't help but notice the thin pink T-shirt clinging to her luscious curves. Hot chemistry sparks! Though he makes her knees weak Brandy hires him, but she's torn. How can she becoming involved with her hired hand? But things suddenly take a dramatic twist. A nefarious thug wants her property and won't take no for an answer. Logan declares he's changing his job description from ranch hand to bodyguard and lays down the law. If she wants his protection, she must do as he says. Will she...? Logan: Cowboy Bodyguard, like all Maggie Carpenter books, it is a riveting page-turner with unexpected surprises.
