Book Description

Pizza With Jesus (No Black Olives) chronicles one couple's faith journey through the cumulative effects of compound losses, suffering and grief. One found his reward. The other found her way back to God. Their journey is a lesson in obedience, patience and trust in the Lord. It spans all types of loss and grief, not only grief in response to death. It is a testimony to the gentle promise that only faith in a loving God offers. It is a story of hope, renewed faith and redemption. Loss and grief are universal. Our responses to them are as unique as a fingerprint. Pizza With Jesus is a faith journey - a story of renewed hope, redemption and finding the way back to God who waits patiently for us to come to Him and to trust in Him. Sometimes it is only through profound suffering that we finally rest and place our complete trust in Him. When we come through on the other side of our suffering and grief and realize that God was beside us through it all, our hope and our faith in Him are hardened beyond all fracture - even when we feel lost and doubtful along the way. Pizza With Jesus is a very deep and personal experience with grief and its cumulative effects. It delivers a message of hope that there is life on the other side of grief, no matter how dark and lonesome it feels along the way. It offers a lantern and a lifeline through pain and grief back to our loving Father's side - where we belong and where we ultimately hope to be.
