Book Description

In this drawing workbook, Barrington Barber presents 100 subjects for artists to try their hand at. Each drawing is broken down into four easy-to-follow steps plus a final, finished drawing, and concise captions describe the drawing process at each stage. Subjects range from objects around the home to animals, buildings, and rural landscapes. The Complete Book of Drawing Projects Step-by-Step is a must-have manual for those looking to build their drawing skills using a relaxed but effective method.
